Hoarding of petro-products

1675. SHRIMATI T. RATNA BAI: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) whether lakhs of consumers across the country continue to face severe supply crunch of petroleum products leading to artificial shortage and hoarding in small cities and rural India;

(b) if so, the reasons therefor; and

(c) what steps Government proposes to take in future?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DINSHA J. PATEL): (a) to (c) There is no shortage of petrol and diesel in the country. Government had received some complaints/reports about the non-availability of diesel in some States in the period from July to October, 2008. Oil Marketing Companies (OMCs) reported that sporadic incidence of non-availability was due to a surge in demand for diesel for power generation in these States. However, the demand of all sectors including Agriculture and transport sector is fully met.

OMCs have been directed to take urgent steps to ensure adequate supply and availability of Diesel and Petrol at the Retail Outlets (ROs) across the country. OMCs have also been directed to take all necessary steps to build sufficient stocks of petroleum products at different locations in the country to take care of any unforeseen contingency including any temporary disruption in the movement of petroleum products.

OMCs have reported that they ensure the availability of petrol and diesel in the country at all times and are supplying petrol and diesel to the ROs as per indents. OMCs have also reported that they have not restricted/curtailed supply of petrol and diesel to their ROs any where in the country.
